I. INTRODUCTION

Thank you for your interest in bidding on this project, which is being undertaken by the Public Building Commission of Chicago. The Public Building Commission of Chicago (hereafter, the PBC, or Commission) is a municipal corporation with a statutory mandate to procure and award contracts for the construction of public buildings in the City of Chicago, and to oversee the construction of those public buildings until they are turned over to the user agency that will own and operate each new facility.

This is the first page of text of Book 1, which along with Book 2, Book 3, and the project drawings, comprise the PBC's construction contract. The balance of this Book 1 provides a brief description of the project, instructions for completing and submitting your bid, the bid pages, and the forms which must accompany your bid. Book 2 is the Standard Terms and Conditions of the contract. Book 3 is the Technical Specifications for the work to be performed on this project. The architect or engineer for the project will provide the drawings and other documents that may be necessary for you to bid on and/or perform the work. Each of the Books, along with the drawings and any other documents prepared by the architect or engineer, are Contract Documents. Collectively, the Contract Documents comprise the Contract. The Contract Documents are defined in Section 1 of Book 2, Standard Terms and Conditions.

Such modifications must be submitted in a sealed envelope and marked in the same manner as a bid. IN ADDITION, the envelope must state "BID MODIFICATIONS TO SEALED PROPOSAL" on the lower left-hand corner of the envelope in which the bid modification is enclosed, so that the modification will be recognized to prevent its being opened prior to scheduled public opening of bids. Telephonic or oral modifications will not be considered. Bidders are cautioned that modifications which are not explicit and which are in any sense subject to misinterpretation shall make the bid so modified or amended subject to rejection.

M. Withdrawal of Bids before Bid Opening

Any Bidder may withdraw its bid by letter, facsimile, e-mail request, or by personally securing, with proper identification, the submitted bid proposal at any time prior to the time fixed for opening of bids. A telephonic request to withdraw a bid will not be considered.

Q. Performance and Payment Bond and Insurance

1. Each Bidder shall furnish proof of its ability to provide the bonds and insurance required by the Contract with its bid. With respect to the payment and performance bonds, a letter from the Bidder's surety affirming the surety's willingness to provide the Bidder's bonds is sufficient. Such power of attorney shall be sealed and certified with a "first hand signature" by an officer of the surety. A facsimile signature will not be accepted by the Commission. The Commission reserves the right to approve the surety company.
5. The failure of the successful Bidder to supply the required Performance and Payment Bond or evidence of the required insurance coverage within seven (7) days of notice, or within such extended period as the Commission may grant based upon reasons determined sufficient by the Commission, shall constitute a default and the Commission may either award the Contract to the next lowest responsible bidder or re-advertise for bids. The difference between the amount of its bid and the amount for which a contract for the work is subsequently executed may be charged against the Bidder, irrespective of whether the amount thus due exceeds the amount of the bid security. If a more favorable bid is received by re-advertising, the defaulting Bidder shall have no claim against the Commission for a refund. Because of the difficulty of ascertaining the damage caused to the Commission, such sum shall be considered liquidated damages and shall not constitute a penalty. The election by the Commission to grant an extension to the period allowed for the bidder to provide an acceptable performance and payment bond and/or evidence of insurance coverage shall not entitle the bidder to an extension of time required to complete the Work.

V. PROPOSAL SUPPORT DOCUMENTS

A. Basis of Award (Award Criteria Figure)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria Figure formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the Total Base Bid (or Base Contract Price) will be awarded to the responsible bidder with the lowest Award Criteria Figure pursuant to Section III.P Basis of Award above. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the Equal Employment Act and the Illinois Human Rights Act.

1. Instructions

The Bidder shall complete the Award Criteria Figure Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than seventy percent (70%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than fifteen percent (15%) in each category for the purpose of award criteria only. The seventy percent (70%) and fifteen percent (15%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula.

2. Award Criteria Figure Formula

Line 1.	TOTAL BASE BID (Refer to Line 4 of BID FORM), in figures	<u>1,070,886.00</u>
Line 2.	Percentage of the Journeyworkers hours that the Contractor proposes to be worked by minority Journey workers during construction of the project. (Maximum figure 0.70)	<u>Ø</u>
Line 3.	Multiply Line 2 by Line 1 by 0.04	<u>Ø</u>
Line 4.	Percentage of total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project. (Maximum figure 0.70)	<u>Ø</u>
Line 5.	Multiply Line 4 by Line 1 by 0.03	<u>Ø</u>
Line 6.	Percentage of the total Laborer hours that the Contractor proposes to be worked by minority Laborers during construction of the project. (Maximum figure 0.70)	<u>Ø</u>
Line 7.	Multiply Line 6 by Line 1 by 0.01	<u>Ø</u>
Line 8.	Percentage of total Journeyworker hours that the Contractor proposes to be worked by female Journeyworkers during the construction of the project. (Maximum figure 0.15)	<u>Ø</u>
Line 9.	Multiply Line 8 by Line 1 by 0.04	<u>Ø</u>

Line 12.	Percentage of the total Laborer hours that the Contractor proposes to be worked by female Laborers during construction of the project. (Maximum figure 0.15)	<u>0</u>

Line 14.	Summation of Lines 3, 5, 7, 9, 11, and 13	<u>0</u>
Line 15.	Subtract Line 14 from Line 1 (= "Award Criteria Figure")	<u>1,070,886.00</u>
	Award Criteria Figure (Insert Line 15 of Award Criteria Formula):	\$ <u>1,070,886.00</u>

3. Community Hiring Bonuses

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

- a. In calculating the hours worked by minority and women Journeyworkers, apprentices, and laborers under the Award Criteria Figure set out in Part V.A. "Basis of Award (Award Criteria Figure)," all hours worked by minority and women Journeyworkers, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.
- b. In calculating the hours worked by minority and women apprentices under the Award Criteria Figure set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

Definitions

"City of Chicago Residents" means persons domiciled within the City of Chicago. Salaried superintendents are excluded from coverage in this section. Domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Project Community Residents" means persons domiciled within the "Project Community" as defined in Section II, A.6 above.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

4. Liquidated Damages

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Figure formula, covering minority and female Journeyworkers, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

- a. For each full one (1%) percent deficiency of minority Journeyworkers not utilized – four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 04}{100}$$

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

- b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 03}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 01}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d. Liquidated damages, if any, will be calculated for the first pay requests reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- e. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

5. Reporting

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

B. Each Party possesses expertise in specific technical areas which, when combined with the expertise of the other Party, should address certain needs of an owner, contractor, project manager or other third party who would contract with one of the Parties in connection with a project (collectively, a "Construction Contractor");

C. The Parties expect to cooperate in preparing proposals for construction services for projects, and if a contract is awarded for a project, coordinating their efforts to perform certain services required for the project.

NOW THEREFORE, in consideration of the foregoing recitals, and the mutual agreements, promises, covenants, representations, warranties, acknowledgments and other terms, conditions, and provisions set forth herein, and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, the Parties agree as follows:

ARTICLE 1 MANAGEMENT

1.1 **Management.** The powers of the JV shall be exercised by or under the authority of, and the business and affairs of the JV shall be managed under the exclusive direction of, a management committee (the "Management Committee") consisting of one representative appointed by each Party (each a "Committee Member"). Each Committee Member appointed by a Party shall have authority to act on behalf of such Party with respect to the Management Committee and in all matters related to a Project. A Party may change the representative appointed as a Committee Member by providing written notice to the other Party.

1.2 **Manner of Acting.** The affirmative vote of both the Committee Members shall constitute the action of the Management Committee. Any action required or permitted to be taken at a meeting of the Management Committee may be taken without a meeting if one or more written consents setting forth the action so taken shall be signed by both Committee Members.

1.3 **Responsibilities.** The Management Committee shall be responsible for (i) coordinating the efforts of the Parties in submitting any Proposals for any Project, (ii) if a Proposal is accepted, negotiating a construction contract with the Construction Contractor (the

"Construction Contract"); the Construction Contract may be executed by one of the Parties, and the Party executing the Construction Contract may then enter into a subcontract agreement with the other Party (any such subcontract agreement being referred to as a "Subcontract Agreement" herein), (iii) if a Proposal is accepted, coordinating efforts for the execution of a Subcontract Agreement between the Party executing the Construction Contract and the other Party, and (iv) if a Construction Contract is executed, coordinating the work required under the Construction Contract as between the Parties. The Management Committee may agree that the work to be performed under a particular Project shall be performed by only one of the Parties.

ARTICLE 2 PROPOSALS

2.1 **Cooperation with Proposal.** If a Project will require the services of both Parties, the Parties shall cooperate with each other in developing a proposal for presentation to the Construction Contractor with respect to certain construction services for a Project (the "Proposal") and in providing certain services for the Project on the basis of mutual trust, good faith, and fair dealing. The Parties shall cooperate to consolidate and reconcile the cost estimates for each Party, develop a combined cost estimate for the work of the Parties for a Project, and prepare a Proposal for a Project.

2.2 **Award of Work.** If a Proposal is accepted and a Project awarded, the Management Committee shall negotiate in good faith with the Construction Contractor to finalize a Construction Contract.

2.3 **Costs of Proposal.** Each Party shall individually bear all costs that it may incur in preparing a Proposal, negotiating a Construction Contract, or negotiating a Subcontract Agreement.

ARTICLE 3 PERFORMANCE OF CONSTRUCTION CONTRACT

3.1 **General.** If a Construction Contract is executed, each Party shall perform its work for the Project (as determined by the Management Committee) in a timely manner in accordance with the terms of this Agreement, the Construction Contract and any Subcontract Agreement for the Project. Each Party shall perform the work required of such Party in the Construction Contract and in any Subcontract Agreement, as modified by any change orders or supplemental agreements entered into in connection with the Construction Contract or by the Parties in connection with any Subcontract Agreement.

3.2 **Expenses.** Each Party shall pay its own expenses in connection with performing such Party's services under each Project. Any expenses in connection with the operation of the JV shall be borne equally by the parties.

3.3 **Revenues.** All revenue received for each Project shall be distributed and allocated to each Party according to the percentages agreed by the Management Committee for each Project. Such percentages shall be based on the relative amount of work (and expenses thereof) performed by each Party for each Project. Such percentages shall be separately determined for each Project, and such percentages may be different for each Project.

ARTICLE 4
INDEMNIFICATION; RIGHT OF CONTRIBUTION

4.1 **Indemnification.** Each Party (an "Indemnifying Party") shall indemnify, defend, and hold the other Party (an "Indemnified Party") harmless from and against any and all Losses suffered by any such Indemnified Party resulting from or arising out of the following (the "Indemnification Events"): (i) such Indemnifying Party's negligence or willful misconduct in the performance of its work on any Project, (ii) any actions or omissions by such Indemnifying Party causing a breach of the Construction Contract, (iii) a breach by such Indemnifying Party of a Subcontract Agreement, or (iv) a breach by such Indemnifying Party of this Agreement. For purposes of this Agreement, "Losses" means any liabilities, damages, costs or expenses, including, without limitation, reasonable attorneys' fees and expenses, which arise from any claim, lawsuit, demand or other action by any third party.

4.2 **Indemnification Procedures.** The Indemnified Party shall notify, in writing, each Indemnifying Party within 15 days of the assertion of any claim or discovery of any fact upon which the Indemnified Party intends to base a claim for indemnification. An Indemnified Party's failure to so notify an Indemnifying Party shall not, however, relieve such Indemnifying Party from any liability under this Agreement to the Indemnified Party with respect to such claim except to the extent that such Indemnifying Party is actually denied, during the period of delay in notice, or materially prejudiced with respect to, the opportunity to remedy or otherwise mitigate the event or activities giving rise to the claim for indemnification and thereby suffers or otherwise incurs additional quantifiable damages as a result of such failure. An Indemnifying Party shall be responsible for the defense of any claim, demand, lawsuit, or other proceeding in connection with which an Indemnified Party claims indemnification hereunder. An Indemnified Party shall have the right at its own expense to participate jointly with an Indemnifying Party in the defense of any such claim, demand, lawsuit or other proceeding, but with respect to any issue involved in such claim, demand, lawsuit or other proceeding with respect to which such Indemnifying Party has acknowledged its obligation to indemnify the Indemnified Party hereunder, such Indemnifying Party shall have the right to select counsel, settle, try or otherwise dispose of or handle such claim, demand, lawsuit or other proceeding on such terms as such Indemnifying Party shall deem appropriate, subject to any reasonable objection of the Indemnified Party.

ARTICLE 5
OTHER MATTERS

5.1 **Capital Accounts.**

(a) The Parties intend that the Parties shall not be required to make capital contributions to the JV. In the event that capital contributions are made by either Party, a separate capital account ("Capital Account") shall be maintained for each Party on the books and records of the JV. Each Party's Capital Account shall be increased by (1) the amount of money contributed by such Party to the JV; (2) the fair market value of contributions of property (as determined in good faith by the Management Committee) by such Party to the JV (net of liabilities secured by such contributed property that the JV is considered to have assumed or taken subject to under Code Section 752); (3) allocations to such Party of Net Profits; (4)

allocations to such Party of income described in Code Section 705(a)(1)(B); and (5) allocations increasing such Party's Capital Account. Each Party's Capital Account shall be decreased by (1) the amount of money distributed to such Party by the JV; (2) the fair market value of any other property (as determined in good faith by the Management Committee) distributed to such Party by the JV pursuant to this Agreement (net of liabilities secured by such distributed property that such Party is considered to assume or take subject to under Code Section 752); (3) allocations to such Party of Net Losses; (4) allocations to such Party of expenditures described in Code Section 705(a)(2)(B); and (5) allocations decreasing such Party's Capital Account.

(b) The manner in which Capital Accounts are to be maintained pursuant to this Section 5.1 is intended to comply with the requirements of Code Section 704(b) and the Treasury Regulations promulgated thereunder. If the Management Committee determines that the manner in which Capital Accounts are to be maintained pursuant to this Section 5.1 should be modified in order to comply with Code Section 704(b) and the Treasury Regulations, then notwithstanding anything to the contrary contained in this Section 5.1, the method in which Capital Accounts are maintained shall be so modified; *provided, however*, that any change in the manner of maintaining Capital Accounts shall not materially alter the economic agreement between or among the Parties as set forth in this Agreement.

(c) Except as otherwise required in the Act, no Party shall have an obligation to make an additional contribution to the JV to restore any deficit balance in such Party's Capital Account.

5.2 **Transferability.** Notwithstanding anything to the contrary in this Agreement, neither Party shall transfer, sell, assign, pledge, hypothecate, encumber, gift, mortgage, or convey (each a "Transfer") its interest in the JV without the written approval of the other Party. Any Transfer not in compliance with Section 5.2 shall be null, void, invalid, and of no effect. An assignee shall not be entitled to receive any distributions from the JV and shall not be entitled to vote on any matter.

5.3 **Withdrawal.** Any Party may withdraw from the JV by written to the other Party; provided that the withdrawing Party shall not have any right to receive any consideration for its interest in the JV, including any return of capital or profits.

ARTICLE 6 TERM; TERMINATION

6.1 **Term.** The term of this Agreement shall commence on the Effective Date and continue until terminated as provided herein.

6.2 **Termination.** Any Party may terminate this Agreement at any time by providing 60 days written notice to the other Party. Upon termination of this Agreement, each Party shall continue to complete any pending projects that such Party is providing services on behalf of the JV, and all of the terms of this Agreement shall expressly survive the termination of this Agreement with respect to any project that continues following the termination of this Agreement.

**ARTICLE 7
MISCELLANEOUS PROVISIONS**

7.1 Governing Law and Venue. This Agreement shall be governed by, and interpreted in accordance with the laws of the State of Illinois, without reference to choice-of-law or conflict-of-law principles. Venue for any controversy or proceeding, judicial or otherwise, instituted by either party to this Agreement, shall be in applicable state or federal courts located in or governing Cook County, Illinois, and each party hereby irrevocably accepts and submits to the exclusive *in personam* jurisdiction of such court with respect to any such action, suit, or proceeding.

7.2 Severability. If any provision of this Agreement is held invalid by a court of competent jurisdiction, the remaining provisions shall nonetheless be enforceable according to their terms. Further, if any provision is held to be overbroad as written, such provision shall be deemed amended to narrow its application to the extent necessary to make the provision enforceable according to applicable law and shall be enforced as amended.

7.3 Assignment and Successors. Neither party shall assign this Agreement in whole or in part without the prior written consent of the other party. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their successors and assigns.

7.4 Waiver. A party's waiver of such party's rights under this Agreement on one occasion shall not be deemed to be a waiver of its rights on subsequent occasions.

7.5 No Third Party Beneficiaries. Nothing in this Agreement is intended, nor shall be deemed, to confer any rights, remedies, or benefits to, or be enforceable by, any person other than the parties hereto.

7.6 Notices. Any notice, demand, or communication required or permitted to be given by any provision of this Agreement shall be in writing and provided to the other Party. Notices shall be deemed to have been sufficiently given or served for all purposes upon: (i) the actual receipt by the recipient, if notice is given by personal delivery or any method not described below; (ii) one business day after deposit of notice, if notice is given by reputable overnight commercial courier service for next day delivery; (iii) four business days after mailing, if notice is given by U.S. mail, postage prepaid; and (iv) when sent, if notice is given by facsimile or e-mail and a confirmation copy of such notice is simultaneously sent by personal delivery, U.S. mail, or reputable overnight commercial courier service.

7.7 Amendments. This Agreement may be amended only with the written consent of each of the Parties hereto.

7.8 Entire Agreement. This Agreement constitutes the entire agreement among the Parties hereto and contains all the agreements among such Parties with respect to the subject matter hereof and supersedes any and all other agreements, either oral or written, between such Parties with respect to the subject matter hereof.

7.9 Assignment and Successors. No Party shall assign this Agreement in whole or in part without the prior written consent of the other Party. Any assignment made or attempted

in violation of this Section shall be void and of no effect. This Agreement shall inure to the benefit of, and shall be binding upon, the Parties hereto and their successors and assigns, and other legal representatives.

7.10 Specific Performance/Injunctive Relief. Unless specifically stated herein, nothing contained herein shall bar a Party's right to obtain specific performance of the provisions of this Agreement and/or injunctive relief against threatened conduct that will cause loss or damages, under customary equity rules, including applicable rules for obtaining restraining orders and preliminary injunctions.

7.11 Cooperation. Each Party shall execute and deliver such certificates, agreements, and documents, and take such other actions, as may be reasonably requested by the other Party in connection with the transactions contemplated by this Agreement.

7.12 Independent Advice. Each Party has been advised and has had the opportunity to seek independent legal, tax and financial advice in connection with this Agreement.

7.13 Counterparts; Facsimile Signatures. The parties may execute this Agreement in multiple counterparts, each of which shall be deemed an original copy of this Agreement and all of which, when taken together, shall constitute one and the same instrument. A facsimile of any executed counterpart transmitted electronically by e-mail or fax shall be as binding as an original signature.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

EXHIBIT #5 PROJECT LABOR AGREEMENT

CHICAGO BOARD OF EDUCATION MULTI-PROJECT LABOR AGREEMENT

This Multi-Project Labor Agreement ("Agreement") is entered into by and between the Board of Education for the City of Chicago ("Board" or "Trustees"), an Illinois governmental entity, and each of the undersigned labor organizations signatory hereto.

Because of the scope, cost and duration of, and important public purpose to be served by the construction and/or modernization of schools and school-related facilities by or related to the Chicago Public Schools ("CPS"), the parties to this Agreement have determined that it is in the public interest to have certain projects completed in the most timely, productive, economical and orderly manner possible and without labor disputes or disruptions of any kind that might interfere with or delay the projects.

The parties have determined that it is desirable to eliminate the potential for friction and disruption of these projects by using their best efforts and ensuring that all work is performed by the trade unions that are signatory hereto and which have traditionally performed and have trade and geographic jurisdiction over such work. Experience has proven the value of such cooperation and that such mutual undertakings should be maintained and, if possible, strengthened and that the ultimate beneficiaries remain the taxpayers, schoolchildren and public.

To further these goals and to maintain a spirit of harmony, labor-management cooperation and stability, the parties agree as follows:

1. During the term of this Agreement, the Board shall not contract or subcontract, nor permit any other person, firm, company or entity to contract or subcontract, any construction, demolition, rehab or renovation of any Board property, at any of its sites or locations where work in furtherance of the projects is being undertaken, either by the Board, or its contractor or construction manager, as owner, coordinator, manager, contractor and/or purchaser relating to construction work covered by this Agreement or within the trade jurisdiction of the signatory unions, to be done at the site of construction, alteration, painting or repair of a building, structure or other work at the site or location covered by this Agreement and/or owned, leased, or in any manner controlled by the Board, unless such work is performed only by a person, firm or company signatory or willing to become signatory to an existing collective bargaining agreement with the union or with the appropriate trade/craft union or subordinate body of the Chicago & Cook County Building & Construction Trades Council or the AFL-CIO Building & Construction Trades Department. Copies of all such current collective bargaining agreements constitute Appendix "A" of this Agreement, attached hereto and made an integral part hereof and as may be modified from time to time during the term of this Agreement. Said provisions of this Agreement shall be included in all requests for bids and shall apply to all projects in excess of \$25,000.00

113369.10

; provided however, that said project contracts shall not be "split" so as to avoid the applicability of this Agreement.

2. All contractors working on projects subject to this Agreement shall be required to maximize the number of the apprentices working on the project.
3. The Board shall require that the Public Building Commission (PBC) comply with this Agreement on projects managed by the PBC that it performs on the Board's behalf.
4. With respect to a contractor or subcontractor who is the successful bidder, but is not a signatory to the applicable collective bargaining agreement, the collective bargaining agreement executed by said bidder shall be the relevant area agreement regulating the wages, hours and other terms and conditions of employment.
5. During the term of this Agreement, project contractors and/or subcontractors shall engage in no lockout at any of the project sites.
6. During the term of this Agreement, no labor organization signatory hereto, or any of its members, officers, stewards, agents, representatives or employees, shall instigate, authorize, support, sanction, maintain, or participate in any strike, walkout, work stoppage, work slowdown, work curtailment, cessation or interruption of production, or in any picketing of any project sites for any reason whatsoever, including, but not limited to, a dispute between the Board, or any contractor or subcontractor, and any union or any employee, or by and between any unions, or in sympathy with any union or employee or with any other individual or group, or in protest of any project of \$25,000.00 or under.
7. Each union signatory hereto agrees that it will use its best efforts to prevent any of the acts forbidden in Paragraph 4, and that, in the event any such act takes place or is engaged in by any employee or group of employees, each union signatory further agrees that it will use its best efforts (including its full disciplinary power under its applicable Constitution and By-Laws) to cause an immediate cessation thereof.
8. Any contractor signatory hereto shall have the right to discharge or discipline any employee who violates the provision of this Agreement. Such discharge or discipline by a contractor or subcontractor shall be subject to the grievance arbitration procedure of the applicable collective bargaining agreement only as to the fact of such employee's violation of this Agreement. If such fact is established, the penalty imposed shall not be subject to review and shall not be disturbed.

113369.10

9. The parties expressly authorize a court of competent jurisdiction to order appropriate injunctive relief to restrain any violation of this Agreement, any form of self-help remedy is expressly forbidden. Nothing in the foregoing shall restrict any party to otherwise judicially enforce any provision of its collective bargaining agreement between any labor organization and a contractor with whom it has a collective bargaining relationship.
10. This Agreement shall expire on June 30, 2025 unless either party gives written notice to the other no earlier than February 1, 2020 and no later than March 1, 2020 to terminate this Agreement effective June 30, 2020. If such notice to terminate is given or, if not, upon expiration on June 30, 2025, the Agreement shall extend until the completion of any work initiated pursuant to the Agreement prior to termination or expiration.
- 11.a.) In the event a dispute shall arise between any contractor or subcontractor of the project and any signatory labor organization and/or fringe benefit fund established under the appropriate collective bargaining agreement as to the obligation and/or payment of fringe benefits provided under the collective bargaining agreement, upon proper notice to the contractors and/or subcontractors by the appropriate labor organization or appropriate fringe benefit fund and to the Board, an amount sufficient to satisfy the amount claimed shall be withheld from the contractor's or subcontractor's regularly scheduled periodic payment from the Board or its agents until such time as said claim is resolved.
- b.) In the event any other contract dispute (excluding a dispute covered by paragraph 10 of this Agreement) shall arise between any contractor or subcontractor of the project and any signatory labor organization relating to a contract and/or project covered by the provisions of Paragraph 1 above and said dispute is resolved by the grievance arbitration procedure of the applicable collective bargaining agreement, any failure of a party to fully comply with such a final resolution shall result in the removal of the non-complying party from the Board project and property upon proper notice to the contractor and/or subcontractor.
12. In addition to the obligations set forth in this Agreement, in the event a jurisdictional dispute by and between any of the unions, such unions shall take all steps necessary to promptly resolve the dispute. In the event of a dispute relating to the trade or work jurisdiction, all parties, including the employer (contractors or subcontractors), agree that a final and binding resolution of the dispute shall be achieved, as follows:
 - a.) Representatives of the affected trades shall meet on the job site within forty-eight (48) hours after receiving notice in an effort to resolve this dispute. (In the event there is a dispute between affiliates of the same

113369.10

International, the decision of the General President or his/her designee, as the internal jurisdictional dispute authority of that International, shall constitute a final and binding decision.) Any agreement reached at this step shall be final and binding upon all parties.

- b.) If no settlement is reached during the proceedings contemplated in Paragraph 10(a) above, the matter shall be immediately referred to the leadership of the Chicago & Cook County Building & Construction Trades Council, according to the historic practice, for a meeting between the parties. Any agreement reached at this step shall be final and binding upon all parties.
- c.) If no settlement is reached subsequent to the actions contemplated in Paragraph 10(b) above, the matter shall be referred to the Joint Conference Board established by the Standard Agreement between the Construction Employers' Association and the Chicago & Cook County Building & Construction Trades Council for final and binding resolution of said dispute. A copy of the Standard Agreement is attached hereto and made a part hereof as Appendix "B".

It is explicitly agreed to by all parties that the parties to this Agreement, as well as each contractor and subcontractor performing work on or for the project, specifically are bound and stipulated to the jurisdiction and process of the Joint Conference Board. Said provision shall become a provision in all contracts and subcontracts issued by the owner, construction manager, contractor, subcontractor, or any agent thereof.

- 13. This agreement shall be incorporated into and become part of the collective bargaining agreements between the Unions signatory hereto and contractors and subcontractors. In the event of any inconsistency between this Agreement and any collective bargaining agreement, the terms of this Agreement shall supersede and prevail except for all work performed under the NTD Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors with the exception of the content and subject matter of Article V, VI, and VII of the AFL-CIO's Building & Construction Trades Department model Project Labor Agreement.
- 14. The parties recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. These parties agree to utilize the services of the Center for

Military Recruitment, Assessment and Veterans Employment (hereinafter referred to as the "Center") and the Center's Helmets to Hardhats program to service as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring support network, employment opportunities and other needs as identified by the parties. The parties also agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the parties will give appropriate credit to such veterans for bona fide, provable past experience, in the building and construction industry.

15. This Agreement constitutes the entire agreement between the parties hereto and may not be modified or changed except by the subsequent written agreement of the parties. Each party warrants and represents that they have the full legal authority and capacity to enter into this Agreement.
- 16.(a.) The parties agree that in the implementation and administration of this Agreement it is vitally necessary to maintain effective and immediate communication so as to minimize the potential for disputes arising out of this Agreement. To that end, each party hereto agrees to designate, in writing, a representative to whom problems which may arise during the term of this Agreement can be directed. Within forty-eight (48) hours after notice of the existence of any problem, representatives of each party shall meet to discuss and, where possible, resolve such problems. The Board hereby designates the Chief Executive Officer or his designee; the unions hereby designate the President of the Council or his designee.
- b.) The Board and the Council shall establish a subcommittee composed of no more than six (6) people with an equal number of representatives chosen by each side to examine contracting situations. The subcommittee shall meet monthly or upon request and shall have access to and examine those contracts and subcontracts involving work within the trade jurisdiction of the union currently in progress or planned. The Council shall receive written notification of all invitations to bid or requests for proposal (RFP) at the same time as the invitation for bid or RFP is conveyed to potential contractors. Upon request, the Board or its contractor or construction manager will disclose to the union all information made available to the bidders or potential bidders to the public and to any potential contractor. In the event the Board or any contractor determines to utilize a procedure not involving a public solicitation (for example, in cases of emergency or pilot project), the Board shall notify the union(s) if known by the Board and the subcommittee.
17. If any provision, section, subsection or other portion of this Agreement shall be determined by any court of competent jurisdiction to be invalid, illegal or

113369.10

unenforceable in whole or in part, and such determination shall become final, such provision or portion shall be deemed to be severed or limited, but only to the extent required to render the remaining provisions and portions of this Agreement enforceable. This Agreement, as thus amended, shall be enforced so as to give effect to the intention of the parties insofar as that is possible. In addition, the parties hereby expressly empower a court of competent jurisdiction to modify any term or provision of this Agreement to the extent necessary to comply with existing law and to enforce this Agreement as modified.

18. In the event the Board enters into an agreement or undertaking with any other governmental agency for the construction-related activities contemplated under this Agreement, the terms and provisions of this Agreement shall apply to all such projects irrespective of the agency awarding the contract or supervising the work thereunder.

**SUPPLEMENTAL AGREEMENT TO THE
PROJECT LABOR AGREEMENT
REGARDING STUDENT PROGRAMS AND APPRENTICESHIPS
July 1, 2015**

The Chicago Board of Education ("Board") and the signatory labor organizations ("Unions") to the Project Labor Agreement hereby agree, as follows:

1. **Student Business Enterprises.** Notwithstanding any existing agreement, the Board may use non-paid volunteers or parents and paid or unpaid students for in-school projects, specifically, projects such as the Student Business Enterprise, or any other similar education-related programs.

2. **Apprenticeship Goals and Supports for CPS Graduates.** Each Union will establish a goal that at least thirty percent (30%) of its apprenticeships, interns or other construction-related work opportunities annually will be composed of persons who graduated from the Chicago Public Schools ("CPS"). The Chicago and Cook County Building Trades Council ("CBTC") will regularly update its website (www.CBTC.org) with information regarding apprenticeship programs and links to the Unions' apprenticeship program websites. The Board shall inform its high school counselors and relevant teacher staff of the website and the resources available there.

3. **Joint Efforts to Improve CPS Graduate Success in Admissions to Apprenticeship Programs.** The Board and the Unions individually and through their umbrella organization (the Chicago and Cook County Building Trades Council) will collaborate to improve student, faculty (including high school counselors) and staff awareness of trade apprenticeship programs, their availability, their requirements and their processes and to develop programs that will increase the success of CPS graduates' who seek entry into Union apprenticeship programs. The support provided by the CBTC may be in one or more of the following forms as agreed to annually by the parties:

- A. Designing and conducting informational meetings with CPS high school counselors and CPS faculty at CPS high schools or at designated central locations to provide information on trade apprenticeship curriculum development, apprenticeship programs, application processes, and requirements for successful candidates.
- B. Providing information regarding apprenticeship application processes to student and faculty, including facsimiles of applications, and information regarding application requirements.
- C. Hosting two construction teacher meetings per year for CPS teachers.
- D. Reviewing curriculum and suggesting improvements.
- E. Facilitating student field trips to Apprenticeship Training Facilities, provided the CPS will secure and pay for transportation costs and any CPS-required insurance for such field trips.
- F. Facilitating the transmission of the following information to CPS from each Joint Apprenticeship Training Committee, including a yearly report on or about September 1st of each year or other reporting date that the parties may designate:
 - Total number of apprenticeship applications received;
 - Total number of CPS apprenticeship applications received;
 - Total number of individuals accepted into the apprenticeship program;
 - Total number of CPS graduates accepted over and under the age of 23 into the apprenticeship program;
 - Total number of graduates of the apprenticeship program; and,
 - Total number of CPS graduates of the apprenticeship program.
- G. Facilitating speaking engagements by Union speakers at CPS schools to provide information about the trades they represent, the work they do and the value they contribute to the community; hosting field trips; working with Construction Industry Services Corporation (CISCO), Education to Careers Division, to educate students about opportunities in the trades; and, facilitating participation by the Apprenticeship Programs yearly in CISCO's Hands-On Fair for CPS.
- H. Participating in student immersion programs, including workshops, for CTE and non-CTE students.

4. **Board to Require Contractors to Maximize Trade Apprentices on CPS Jobs and Jobs Performed for CPS.** The Board shall require Contractors to maximize the number of apprentices working on jobs subject to this agreement (the number of apprentices are subject to the terms of the appropriate trade agreement) and the Multi-Project Labor Agreement and shall

include such requirements in its bid solicitation for contractors and subcontractors.

5. Union Support for CPS Summer Seasonal Student Employment. The Unions shall support the Board's summer employment initiative for CPS students in its summer season facilities maintenance program, in which CPS students will be employed to perform non-skilled maintenance that is not within the jurisdiction of any trade and will participate in educational seminars and demonstrations regarding the various aspects of facilities maintenance including those requiring skilled trades. The support shall include trade demonstrations, informational material regarding their respective trades, technical advice and other supports to the program. The Unions and the Board will agree on specific roles that the Unions will play during that program.

6. Union Participation in the Industry Advisory Council. The Unions will ensure that each trade who is a party to this Agreement provides a representative who participates on the Industry Advisory Council.

7. Support for Board-Union-CBTC Collaborative Efforts on Apprenticeships and Program Support. The Board shall engage an external project manager at a cost not to exceed one hundred thousand dollars (\$100,000.00) annually for the first two years of this agreement for the purposes of providing support services to the Board and CBTC in attaining the goals of this agreement. No later than August 1 of each year of this Agreement, Board, CBTC and the project manager shall meet to plan a program of support for the upcoming school year and develop CPS student apprenticeship program strategies, including plans to identify, inform and counsel qualified CPS high school students (regardless of program of study) and their guidance counselors about apprenticeship programs and opportunities. The plan will include benchmarks by which success of the Board-CBTC collaboration and the project management is measured that year. The project manager shall work with Board and CBTC representatives to

plan activities for each academic year and to work with the CBTC representatives, the Union and the Unions' apprenticeship program to facilitate the Unions' work in paragraphs 2 and 3(A) to (G), and 5, the effort to maximize apprenticeships with Board contractors in accordance with paragraph 4 and the unions participation in Industry Advisory Council in accordance with paragraph 6. During the period of July 1, 2016 to July 1, 2017, the Board CBTC and CPS will review the annual fee to determine whether and to what extent it should be continued in subsequent years of this agreement.

8. Supplement is Integral Part of the PLA. The parties recognize that this Agreement is an integral part of their agreements regarding the PLA. The parties further agree that the initiatives described herein require the continued good faith efforts of both parties to bring these initiatives to fruition.
